David Balabon – Identity Evropa/American Identity Movement

📅 On 29 Jul, 2019 👤 By [fashfinder](#) 💬 With [1 Comment](#)

We exposed an Identity Evropa/American Identity Movement member and violent organizer — meet trust fund nazi David Balabon of Austin TX. Balabon has been known in the central Texas area for being in the shadows, hosting white supremacists in his father's home, organizing violence within Identity Evropa/AmIM servers, and likely massive funding of alt right activities and websites. Balabon has been involved in alt-right and white supremacist circles long before it became mainstream, and was underaged when he was first participating and making a name for himself. He is currently 22 years old since he was born in November of 1996. He also lives with his father in a \$2 million home on Lake Travis within the Austin city limits. His address is 3225 Smokey Ridge, Austin TX 78730. His email is balabondavid@yahoo.com and his associated phone number is 512-585-4589.

He and his father, Sam Balabon, hosted Simon Roche of Suidlanders at their Lake Travis home on behalf of Identity Evropa. Simon's girlfriend became drunk and belligerent, causing \$500 in damage to a bathroom in their home. See the images below of the planning and execution of the event.

If I were to set up event(s) where he would speak in TX, let me know if you would be interested in attending (and meeting other quality, fashy goys).

I am not going to slander Vanessa (Deleted) to the same bitter and twisted extent she has slandered me but I shall say this:

- the straw that broke the camel's back for me was *not* Vanessa deliberately ripping the whole (proper porcelain-type) cistern (water tank) of the toilet off the wall in David Balabon's father's house and then smashing it to smithereens on the tiled floor, and flooding the guest room. It wasn't that I had to buy a new cistern and pay for it to be fitted.
 - By the way, the \$500-odd that cost me is \$500-odd of hardworking Americans' money that I could have later spent on a motel - we could only stay at the Balabons' home for a few days - for a week longer
 - just to be clear, in case the sequence of events is not making sense: I broke up with Vanessa prior to her taking leave of me at Austin airport. In the intervening five-or-so days I did not have the heart to kick her out and she pleaded with me to reconsider and give her a second chance, told me about all sorts of wonderful interviews she had lined up for me, and told me that all of our problems would be solved when she inevitably won her \$150,000,000 court case against the city of San Francisco, if only I would just...
 - to be clear: Vanessa never explained why she ripped the porcelain cistern from the wall and pounded it on the floor. We speculated that it was a sort of psychotic episode but we are not psychiatrists

Keep in mind, Sam Balabon is David's wealthy father who runs cryptocurrency schemes and utilizes his son in these same schemes. You can see here both the English and Russian versions of Balabon on videos of the BitBlockTrading youtube channel.

David Balabon is also the marketing director for Moentum, a cryptocurrency company also headed by his father. His father also runs a stock trading company out of his home called Deep Liquidity and is the CEO of a company called SpotQuoting.

His father has an AirBnB account where he hosts strangers in his multimillion-dollar home. You can see Sam Balabon's icon as the owner. [Link to Sam Balabon's AirBnB listing](#) — He also has 2 VRBO accounts here: [Account 1](#) and [Account 2](#). VRBO and AirBnb should absolutely be contacted so they are made aware of these activities happening on their platforms.

We have reason to believe its VERY likely the father could be a financial backer for sites like "the Right Stuff", a large neo-nazi fascist website that has been promoted by the mainstream in recent years. Seattle Antifa warns of David and his father in this post from a couple years ago.

David has also participated on alt-right podcasts to discuss ethnic cleansing and also discusses business dealings in Russia.

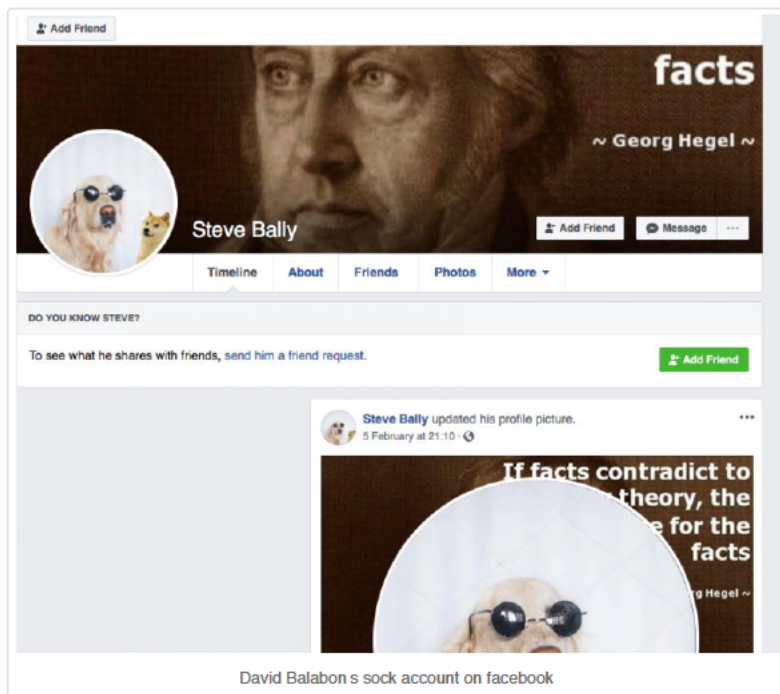

The newest installment of 'The Alc-Right Rises' has dropped!

Episode 04: The Fall of Balabon

In the first segment, we discuss a black american hero, Coffee 4. In segment two, we are joined by David Balabon to discuss Russia but mostly shitpost. This episode features an alternate intro, Confessor's appalachian home ec tips, and the first ever Lynching of the Week segment. We eventually get wasted and make a case for ethnic cleansing. The discussion at the end involves the olympics, and a call to a return to competition for white people.

Balabon also goes by other names such as Steve Bally (his sock on facebook) and John Cholisniky, the name he used in IE servers for the planning of the Unite the Right rally in Charlottesville in 2017. Here is a lawsuit that specifically names his fake name: [Charlottesville Lawsuit from 2017](#)

Here is an interesting image of David dressed up as a neo-nazi LARPer as posted in the discord server a month before Charlottesville. His hat says "Make Germany Again" and he is wearing a bandana over his face that sports a fasces, which is a historic fascist and neo-nazi symbol.

Here he is at the March 4 Trump in Austin in 2017 next to the likes of William Fears, who has direct relations to neo-nazis in the Houston and Austin areas (White Lives Matter). There are no actual assets in David's name, not even a vehicle. There are two 2017 Toyotas registered to his father Sam's name. Other info includes Yulia Balabon, the possible mother of David Balabon. She moved to the US in the 1990's and is virtually a ghost except for having a driver's license.

Another related link with the work of some unknown comrades with some similar information to ours of political views and activities regarding Balabon: [David Balabon is a nazi – archive](#) and another link confirming these views and activities: [Is David Balabon a nazi? – archive](#)

David Balabon seems to have unlimited amounts of money and hides in plain sight with the backing of his father in numerous schemes and terroristic ventures. First thing to do would be to contact AirBnB and VRBO and ask them why Sam Balabon, clearly his son's and one of IE's and an alt-right financier, is able to rent out to unsuspecting strangers.

ALSO: Keep in mind, Balabon is still organizing with IE/American Identity Movement, and they have a national action conference in the Dallas area from 8/16 to 8/18, which is in a few weeks. Unicorn Riot confirmed this here: [Slouching Toward an Ethnostate: Inside the American Identity Movement](#)

We would suggest getting in contact with VRBO and AirBnB first and foremost to let them know the father of a nazi terrorist is using their platform to fund his terrorist activities, and may even be participating in the amplifying of white nationalist media. So do what you will with the information we have provided today and make sure that these scumbags feel the weight of their unwelcome when they're there.
